

**LUNCHEON TO INTRODUCE CAPE BRETON-MULGRAVE BUSINESSES TO
MEMSKI PROJECTS INC.**

SYDNEY, Nova Scotia (February 21, 2014) – The newly formed enterprise Memski Projects Inc. will be the focus of a noon luncheon on February 21, 2014 at the Membertou Trade and Convention Centre. The event will provide an introduction to Memski Projects Inc., discuss opportunities for joint ventures with Aboriginal communities and provide an update on current and emerging major projects.

“The Cape Breton Partnership is pleased to support Membertou and Eskasoni’s unique effort and to create an opportunity for the community to learn about Memski Projects Inc.’s activities and current plans,” says Cape Breton Partnership president and CEO, Keith MacDonald.

Memski Projects Inc. is a strategic partnership that provides exclusive access to the collective skills, labour and expertise of Membertou and Eskasoni First Nations communities with experience on major projects.

“Eskasoni and Membertou should be congratulated on their collaboration on securing opportunities that are coming about due to major projects occurring in Nova Scotia. Luncheon attendees should find this session informative,” adds MacDonald

-30-

Formed with the idea of uniting business and communities across Cape Breton and Mulgrave to drive the economy forward, the Cape Breton Partnership has created an effective forum for private and public sector investors to come together with the common goals of: forging partnerships, capitalizing on opportunities and building a stronger Cape Breton.
